

Workshop Report

Introduction

One jurisprudence and ethics workshop was conducted:

Austin - March 21, 2008

The break down of nurses attending this workshop was:

	LVNs	RNs	Not specified	Total
Austin	36 (19.5 %)	143 (77.2 %)	6 (3.2 %)	185

Summary of Workshop Evaluations

The summary of the workshop evaluations from 3/2108 is not yet available. Overall comments and ratings were positive with the majority rating the workshop content as being relevant to their practice, as well as following objectives. Additional information will be provided with the July board report.

Sample Comments from Participants at the Workshops

“All nursing students (especially BSN) should have to attend this before taking the NCLEX! I am so glad I attended, + I only did this because my mom (an RN herself) suggested I attend.”

“Awesome program! I learned things I didn’t know I didn’t know. Thank you for taking your time/sharing your knowledge/addressing questions. Wow! What a day.”

“As an instructor for less than a year, but an RN of 15 years, I found the content very helpful. I believe the content will help me prepare the students for successfully completing the jurisprudence exam.”

“Should be a mandatory workshop for all nurses for their own protection and knowledge.”

2008 Future Workshops

The “Nursing in Texas: A Regulatory Foundation for Safe Practice”

Dates: June 20, 2008 and September 12, 2008

Location: University of Texas at Austin - J. J. Pickle Research Campus (Austin)

Registration Brochure: <ftp://www.bon.state.tx.us/ws-aus08.pdf>
