

### Status Report On Programs With Sanctions

**Background on Approval Status:**

- A new nursing education program is placed on Initial Approval when they are approved by the Board. The program will usually be moved to Full Approval following graduation of the first cohort of students, evidence of compliance with education rules, and an NCLEX® examination pass rate of 80% or higher.
- A program on Initial Approval status may be moved to Initial Approval with Warning if the first two (2) years of NCLEX examination pass rates are below 80%.
- A program will remain on Full Approval based upon compliance with the education rules, NCLEX examination pass rate above 80%, and other pertinent information (such as accreditation status, complaints about the program, etc.).
- The approval status for a program on Full Approval will be moved from Full Approval to Full Approval with Warning if the program is not in compliance with Board rules or if the program experiences a lower than 80% NCLEX examination pass rate for two (2) consecutive years.
- The approval status for a program on Full Approval or Full Approval with Warning may be moved to Conditional Approval if the program has serious compliance issues or if the program experiences a third year with a lower than 80% NCLEX examination pass rate.
- A change in approval status is made by a decision of the Board.
- The examination year for professional programs is October 1st through September 30th.
- The examination year for vocational programs is January 1st through December 31st.

Program	Type	Location	Current NCLEX Examination Pass Rate	Date of Last Board Action	Approval Status
Amarillo College	ADN	Amarillo	2014 77.60% 149/192	January 2015	Full with Warning
