- **VERIFICATION OF LICENSE(S)** for all previously and currently held RN permanent licensures/authorities to practice; and the
- **NURSING JURISPRUDENCE EXAMINATION (NJE)**

The information below will assist in completing the application as well as following through with the above mentioned requirements for licensure in the State of Texas.

GENERAL INFORMATION

- **TEMPORARY LICENSES:**

Within ten (10) business days of receipt of the completed paper application and correct endorsement fee, the Texas Board of Nursing will review your eligibility for issuance of a one-time, 120 day temporary license. Temporary licenses are issued once per lifetime, and cannot be extended, or renewed for any reason, regardless of the number of times a person applies. If you are answering yes to any of the Section D Eligibility Questions 1-5, then you must at a minimum submit a letter of explanation and the related documentation (as outlined in Section B of the Application Instructions) along with the endorsement application and fee, in order to be considered for a temporary license.

Common reasons for delay in the temporary license being issued include but are not limited to:

- Submitting an incomplete application,
- Submitting an illegible application,
- Issues regarding an applicant's education,
- Issues regarding an applicant's address/declaration of primary state of residency,
- Need for an eligibility review,
- Submitting an outdated application,
- Not submitting the correct endorsement fee,
- Not signing and/or dating the application
- Not submitting a detailed eligibility statement and/or all the relevant eligibility documents.

- **ACTIVE APPLICATIONS:**

Per our Records Retention Schedule, an application and payment are considered to be active for up to ONE YEAR from the date of receipt in the Board's office. All licensure requirements must be met within that year's timeframe or the application and payment will be considered null and void. Should this occur, a new application and payment would need to be submitted; and the nurse will need to meet all current requirements in effect at that time.

Note: The only exceptions are the nursing jurisprudence examination and the criminal history results which are valid indefinitely so long as final results were received from both DPS and the FBI and the BON has a State Identification Number (SID) on file.

- **ADVANCED PRACTICE REGISTERED NURSES:**

You will need to submit a separate APRN application in order to have authority to practice as an Advanced Practice Registered Nurse. Check our website for more information at <http://www.bon.texas.gov>.

- **PROCESSING TIME:**

The Nursing Board Operates within a ten (10) business day timeframe for receiving and documenting items received, as well as reviewing applications for a temporary and/or permanent license. Weekends and state holidays do not qualify as business days.

APPLICATION INSTRUCTIONS

- To avoid a delay in the processing, read each section carefully and answer each question in every section.

- Although the Board typically sends correspondence by mail, providing an email address and/or phone number will help facilitate communication with our office.
- The social security number provided must have been issued by the United States Social Security Administration. Canadian social insurance numbers and other numbers are not accepted. Leave this part blank if you do not have a U.S. issued social security number. - Provide information regarding your **BASIC RN** education program. This information will be documented and compared to the education information provided on the Exam State licensure verification. (See Verification of License Instructions for more information.) Not providing your **BASIC RN** education information WILL cause a delay in processing.

If a license was NOT received in the state for which you took the exam submit a separate statement explaining why a license was not obtained. **Note: You will still be required to contact that state to have an official verification provided the BON.**
- Indicate whether you worked in, were granted authority to practice in, and/or held a license in another country, territory, or province.
- List **ALL** previously held permanent RN licenses/authorities to practice. Start with your **INITIAL** license (the license issued by exam) and list **ALL** subsequent licenses obtained, along with the license numbers. (See Verification of Licensure Instructions for more information.)

If you answered yes to questions 1-5 of the Eligibility Questions on page 2, you must provide the Board with the following information:

*QUESTION #1 The Board has determined that criminal behavior is highly relevant to an individual’s fitness to practice nursing. Therefore, all criminal convictions or deferred orders, prosecution, or adjudication-a determination by a court that is withheld or delayed for a specific time period, must be reported to the Board. This question includes offenses under the law of another state, federal law, or the Uniform Code of Military Justice that contains elements of criminal conduct. SUBMIT a personal letter of explanation describing each incident, the behavior that led up to the criminal order and your conduct since the order, and any rehabilitative efforts that have been performed since the order. The document must be signed and dated. In addition, SUBMIT the following documentation for **all** felonies, **all** misdemeanors, and all military actions:

Certified copies of:

1. charges (indictment, information, or complaint);
2. disposition of charges (Judgment, Order of Probation, Sentence, and/or Deferred orders); and
3. evidence that the conditions of the court have been met.

(To obtain this documentation, contact the county clerk in the jurisdiction where the order was issued for misdemeanors; district court clerk for felonies. If the record does not exist, you must obtain a statement from that court that the document has been destroyed or could not be located.)

You may answer “NO” to the question of prior convictions only if you: (a) received a pardon; or (b) were adjudicated as a minor without a finding of “delinquent conduct”. If you were ever required to register as a sex offender, you must answer “YES”.

If you have questions regarding the outcome of any criminal matter, consult your attorney.

*QUESTION #2 The Nursing Practice Act provides that a person's conduct in violation of the Nursing Practice Act or rules of the Board may be considered as a factor in its deliberations regarding fitness to practice nursing. Therefore, if a licensee or applicant is the subject of a grand jury or governmental agency investigation, the information regarding conduct or behavior giving rise to the investigation may be relevant in determining a violation of the Nursing Practice Act or lead to the admissibility of relevant evidence of such violation. If you are the subject of a grand jury or governmental agency investigation, please SUBMIT the name and address of the investigating entity and an explanation as to the basis of the investigation.

QUESTION #3 The Board has determined that if any licensing authority has taken disciplinary action against a person for any reason, then those actions are highly relevant to an individual's current ability to practice nursing in the state of Texas. If any licensing authority has refused to issue a license, revoked, annulled, cancelled, accepted surrender of, suspended, placed on probation, refused to renew a license, certificate, or multi state privilege held by you or previously fined, censured, reprimanded or otherwise disciplined you, SUBMIT the names and address of the licensing authority who has taken action and a letter explaining the background of the action. Additionally, SUBMIT certified copies of

1. formal charges or allegations supporting the licensure action;
2. final disposition of the licensing authority regarding those formal charges or allegations; and
3. evidence that the conditions of the licensing authority's order or requirements have been met.

*QUESTION #4 The practice of nursing requires current fitness. The Board has identified certain disorders which, if occurring within the last 5 years, may indicate a lack of fitness. The disorders are: schizophrenia and other psychotic disorders, bipolar disorder, paranoid personality disorder, anti-social personality disorder, or borderline personality disorder. If you have been diagnosed, treated, or hospitalized for any of the above illnesses within the last 5 years, which impaired or does impair your behavior, judgment, or ability to function in school or work, submit the following information that will allow the Board to conduct an individualized assessment of your ability to practice safely, competently, and without impairment to your professional judgment, skill, or knowledge.

1. A report, on letterhead, from your physician, psychiatrist, psychologist or counselor, sent directly to this office, that includes: your diagnosis; treatments rendered; including current medications; prognosis; cognitive, affective, and emotional stability and continuing after-care recommendations, including reasonable accommodations needed to safely practice nursing, if any; and,
2. Verification of compliance with aftercare recommendations.

Please be advised that a physical/psychological evaluation may be requested as part of your individualized assessment. The evaluation process is described in more detail at www.bon.texas.gov/disciplinaryaction/eval-guidelines.html. The evaluation process could potentially delay consideration of your application. Therefore, the Board is providing advance notice of this possibility so that applicants may contact the Board to schedule an evaluation at the beginning of the application process. By doing so, the application should not be unduly delayed. An applicant is not required to contact the Board in advance of Board consideration of the application. The applicant may choose to wait for a specific decision by the Board that a specific evaluation is necessary. This information is being provided to put applicants on notice with respect to this potential requirement and afford the applicant the opportunity to expedite the process if he/she so desires.

*QUESTION #5 The practice of professional nursing requires current sobriety and fitness. If you have been addicted to or treated for the use of alcohol or any other drug within the last five years, SUBMIT:

1. verification of treatment for substance abuse sent directly to the Board from the treatment center;
2. verification of compliance with aftercare recommendations;
3. evidence of continuing sobriety/abstinence, for example, current support group attendance and random drug testing results; and
4. a personal letter of explanation with sobriety date and plan for relapse prevention.

*Pursuant to the Texas Occupations Code §301.207, information, including diagnosis and treatment, regarding an individual's physical or mental condition, intemperate use of drugs or alcohol, or chemical dependency **and** information regarding an individual's criminal history is confidential to the same extent that information collected as part of an investigation is confidential under the Texas Occupations Code §301.466.

ELIGIBILITY REVIEW TIMEFRAMES

The paperwork will be submitted for an initial eligibility review in the Operations Department within ten (10) business days of the receipt of the endorsement application, endorsement fee, **criminal background check results**, and all pertinent documentation. This initial review can take up to 30 days.

If it is determined that the issue being reported to the BON meets the criteria for opening a case according to our current rules, you may be required to pay a \$150.00 review fee. Your file will be transferred to our Enforcement Department for review within ten (10) business days of the payment being received.

The time needed to complete an eligibility review by the Enforcement Department varies on a case by case basis. The process generally takes an average of 90 days to make a recommendation, provided the file contains all the needed information. If additional material is needed, you will receive such request by the Enforcement Staff. Upon completion of the eligibility enforcement review, your file will be returned to the Endorsement Department for continued processing.

The BON **will not** approve an applicant for permanent licensure until a decision has been rendered by either the Director of Operations or our Enforcement Department.

See the Criminal Background Check Instructions below for more information regarding the fingerprinting process.

SECTION - C: NURSE COMPACT DECLARATION

You must check one of the boxes for question D **and** fill in the blank where one is provided.

The Texas Board of Nursing entered into a Nurse Licensure Compact which allows nurses in Texas the privilege of practicing nursing in participating Compact states. As part of the process of initiating multi-state licensure, all applicants for licensure in Texas must declare their primary state of residence and all states where they are practicing or intend to practice. Declaring a compact state other than Texas, and/or providing an address in a different compact state will cause your endorsement application to be questioned since you can practice in Texas on a declared compact state license (compact privilege). Providing a non-residential address (i.e. the address of a staffing agency) will cause a delay in processing. In addition, the BON reserves the right to seek clarification when needed.

Per Rule 220.2(b), primary state of residence is determined by the following documents and you may be requested to submit one or more to satisfy residency requirements:

- (1) a driver's license with a home address;
- (2) voter registration card displaying a home address;
- (3) federal income tax return declaring the primary state of residence;
- (4) Military Form No. 2058 - state of legal residence certificate; or
- (5) W2 from US Government or any bureau, division or agency thereof indicating the declared state of residence.

Note: Applicants should be providing their **current** information, not what their future address will be. Address changes made after an application has been submitted should be completed by using the Primary State of Residency form located on our website at http://www.bon.texas.gov/pdfs/forms_pdfs/declaration_pdfs/declare-psr.pdf

For questions regarding the Compact or its impact on your potential nursing license, contact BON staff at (512) 305-6809 or e-mail via webmaster@bon.texas.gov. General questions about the Compact language or the concept of mutual recognition of licensure can be obtained from the National Council of State Boards of Nursing website at <https://www.ncsbn.org/nurse-licensure-compact.htm>

ATTESTATION/CONSENT TO RELEASE & USE OF CONFIDENTIAL RECORDS

Sign and date the attestation/consent on page 3.

Congratulations – you’ve successfully completed the application and are well on your way to potentially joining the State of Texas nursing family!

READ THROUGH THE REST OF THE INFORMATION BELOW WHICH WILL PROVIDE YOU GUIDANCE WITH COMPLETING THE ENDORSEMENT PROCESS.

NURSING JURISPRUDENCE EXAMINATION (NJE)

Effective September of 2008, all applicants for initial licensure in the state of Texas must take and pass the Nursing Jurisprudence Examination (NJE) prior to issuance of a permanent license. (Rule 217.17)

The NJE is:

- an examination based on the Texas Nursing Practice Act (NPA) and the Texas Board of Nursing Rules and Regulations;
- designed to cover information which will facilitate your practice in the state of Texas;
- a maximum of two (2) hours in length;
- “open-book” in nature in that you will have access to our website and other resource material while taking the test;
- reset within twenty-four (24) hours in the event you are not successful (for **any** reason);
- included in your endorsement application fee;
- **NOT related to the NCLEX.**

Preparing for the NJE

Although outside preparation is not required for this examination, we recommend that you view a copy of the NPA and Board Rules and Regulations from our website by going to www.bon.texas.gov and clicking on “Nursing Law and Rules”. In addition, a **voluntary** online jurisprudence prep course is available on the Board’s website at <http://www.bon.texas.gov/olv/je-course.html>. You may also purchase a hard copy of the NPA and Rules and Regulations by downloading the Publications Order form from our website under “download other paper applications and forms”. (Return the form and fee to the address located at the top of the form).

Accessing the NJE

Within ten (10) business days of the Board receiving the endorsement application and fee, your credentials will be added to our database which should grant you access to the NJE.

- Go to www.bon.texas.gov/olv/je.html and follow the instructions to log on and complete the examination.

The examination takes a maximum of two hours in length. If you are not successful in passing the examination or if the system locks up, you may retake the examination again after 24 (twenty-four) hours have elapsed from the previous attempt. The cost of the examination is included in your application fee.

You must pass this examination before the Texas Board of Nursing can review your application for issuance of the permanent license.

Note: If you completed the NJE as part of the requirements for completing a Refresher Course or Examination, then the passing results can be used for the Endorsement application portion as well.

VERIFICATION OF LICENSE(S) (VOL)

Keeping in line with the Board's mission, protecting and promoting the welfare of the people of Texas, the BON requires license verifications for ALL licenses/authorities to practice that were previously issued. The verification must provide the basis of licensure, date of issuance, licensure status, and any disciplinary history. If the basis of licensure is by examination, the verification should also provide the nurses' education information (i.e. name of nursing program, date of graduation, type of degree conferred).

Per NPA Sec 301.260(a)(3) the BON requires proof of initial licensing by examination. If you were not granted a license in your exam state due to lack of a U.S. social security number at that time, then you must contact that state directly and request that a **TEXAS BOARD OF NURSING VERIFICATION OF LICENSURE FORM** be completed on your behalf. All other individuals MUST have a verification of licensure sent to the BON. Also, if the exam verification does not contain the education information, and the BON is not able to obtain the education information by other means, you may be requested to submit a copy of your nursing program diploma.

There are two (2) ways to obtain license verification from U.S states/territories, and a third option for those nurses licensed internationally:

1) **NURSYS**

NURSYS (**Nurse System**) is a national database that contains nurse license and license discipline information provided by participating boards of nursing in the U.S. and its territories. To view a list of the participating states go to www.nursys.com and click on "participating board of nursing".

If you hold or have ever held an RN license in any of the states listed on the NURSYS website, then you **MUST** complete a verification request through this national database. Once you complete the process through NURSYS, the Texas BON will have access to the required license verification report for these particular states.

Note: Paper verifications from NURSYS participating states will be rejected.

2) **TEXAS BOARD OF NURSING VERIFICATION OF LICENSURE FORM:**

If you hold or have ever held an RN license in any other state/nursing jurisdiction(s), ***other than those listed on the NURSYS website***, you **MUST** submit the Texas Board of Nursing Verification of Licensure Form to that appropriate state/nursing jurisdiction(s) for completion. If you need to submit this form to multiple nursing boards/nursing jurisdictions, you will need to copy the form and forward it accordingly. Call the state/nursing jurisdiction to inquire about their verification procedure and required fee.

ALL applicants must request a verification of licensure from the state in which the NCLEX was taken even if a license was not issued from that state. A copy of the NCLEX Pass Results (Candidate Report) are not acceptable for the purpose of this application.

Internationally licensed nurses:

If you currently have or have ever held a nursing license, or been granted authority to practice nursing from a country other than the United States, you may request a verification of licensure from that state, country, province or territory by sending the "Verification of Licensure Form" to the appropriate authority.

We will also accept a license verification contained in a Credential Evaluation Service (**CES**) Full Education course-by-course report from the Commission on Graduates of Foreign Nursing Schools (CGFNS), the Educational Records Evaluation Service, Inc. (ERES) or the International Education Research Foundation, Inc. (IERF). The verification of licensure must be contained in the CES and must have been validated within **one year** of the date the application for endorsement is filed with the Texas Board of Nursing. You may access this service by going to one of the following websites: www.cgfns.org, www.eres.com or www.ierf.org.

IMPORTANT: Verification(s) of licensure must be received from ALL states/provinces/territories and/or countries to obtain permanent licensure in the State of Texas. We recommend that you check with each nursing board/authority regarding fees and/or other criteria. A copy of the nursing license(s) and/or a website print out is not acceptable.

Criminal Background Check

Effective 2004, a criminal background check report (CBC) is required for applicants for licensure in Texas.

The CBC:

- is based on the set of fingerprints you provide to MorphoTrust;
- completed through the Texas Department of Public Safety (DPS) and the Federal Bureau of Investigation (FBI);
- results are sent directly to the BON by DPS and FBI;
- cannot be sent by the applicant;
- cannot be results that were completed for another facility

The following information will assist you in submitting the required fingerprints:

Applicants residing in Texas:

Read the instructions below for 'Applicants residing in Texas' to schedule your electronic fingerprint submission.

Note: MorphoTrust (IdentoGO) cannot transmit electronic submissions from MorphoTrust sites located outside the state of Texas. If you are located outside the State of Texas then follow the directions below.

Applicants residing outside Texas:

Read the instructions below for 'Applicants residing outside Texas' to obtain, register, and mail your fingerprint card to MorphoTrust.

Applicants that do not have a U.S. issued social security number:

Read the instructions below for 'Applicants without a social security number' to obtain, register, and mail your fingerprint card to MorphoTrust.

NOTE: The Texas Board of Nursing does not make judgments regarding the fingerprints that are submitted. Occasionally DPS and/or the FBI will notify the BON that the fingerprints submitted were not usable and/or readable and therefore have been rejected. You will be notified that a rejection has been received and another set of fingerprints is required. The BON can only submit a request to initiate a name search on your behalf if our office has received two (2) quality rejections from the FBI within the past year. A rejection for any other reason (i.e. smudging, impressions too light etc.) will not count towards this requirement.
